

The MEAM Approach West Berkshire

A way of working to:

- **Develop an effective & co-ordinated approach for services working with people with multiple needs.**
- **Promote lasting, embedded change to local systems.**

People with multiple needs face a combination of problems including homelessness, substance misuse, contact with the criminal justice system and mental ill health. They fall through the gaps between services and systems, making it harder for them to address their problems and lead fulfilling lives.

If you know anyone that may benefit from the MEAM Approach please make contact:

Andrew Granata - MEAM Coordinator
